In this issue Tri-Rehab is sharing helpful tips for you to determine if custom orthotics are right for you. We hope you find this information helpful. And of course, we hope you choose Tri-Rehab as your rehab provider!

**Custom vs Over the Counter Orthotics**

Spring is fast approaching! Yard work, running, tennis and golf are going to be here before you know it. Tri-Rehab is here to help you avoid foot pain and get you out enjoying the fresh air!

Many people rely on over the counter shoe inserts when they develop foot pain. Some people purchase them at local drug stores, sporting goods stores and even specialty running shops. Relief is usually temporary and the insert usually needs replaced within two months. In addition, the insert is designed to fit every foot out there and fix any problem with every foot out there...whew that's pressure!

Custom orthotics are fabricated by trained healthcare professionals. The professionals at Tri-Rehab evaluate the patient's gait, flexibility, posture and balance when designing your custom

## Family Program

**Recommend Tri-Rehab to a friend or family member and you will be entered into a drawing to win a \$100 visa card. One entry per patient referred\*. The patient just needs to give us your name and phone number to be entered into the drawing. The drawing will take place on April 30th, 2010.**

\*The patient must be seen at either Tri-Rehab location with an accepted insurance plan for a minimum of three visits.

orthotics. Utilizing the Fastech orthotic system, your orthotics are fabricated in our office and can be worn home the same day. The orthotics help increase endurance, restore critical balance, improve sport performance, alleviate foot fatigue and prevent a wide range of foot problems. They can be worn in casual or work shoes, work boots, dress and/or athletic shoes.

Tri-Rehab is committed to providing an effective and long lasting orthotic that is not a financial burden. Our orthotics last for a year of continuous wear. For the low cost of \$150, you can have a custom orthotics. In fact, at the end of this newsletter is a \$25 off coupon. So for \$125, you can have orthotics fabricated by healthcare professionals that will last a year and get you enjoying all of your outdoor activities.
